

PHS Financial Disclosure Form for Investigators from subrecipient entities that do not have a PHS-compliant conflict of interest policy in effect at time of PHS award application

(Disclosure of Financial Interests Directly Related to Work Under the Proposed Subrecipient Agreement)

Based on Public Health Service regulations (42 C.F.R. Part 50, Subpart F and 45 C.F.R., Part 94), and in accordance with the University of California Policy on Disclosure of Financial Interests and Management of Conflicts of Interest Related to Public Health Services Sponsored Awards for Research, investigators from a subrecipient entity that does not have a PHS-compliant policy in effect at the time of PHS application must disclose their personal significant financial interests (and those of their spouse/registered domestic partner and/or dependent children) related to the work proposed under the relevant subrecipient agreement. This includes the Principal Investigator, Co-Investigators, Senior and Key Personnel, and any other individual who is responsible for the design, conduct, or reporting of research funded by PHS or an agency or organization that follows PHS disclosure requirements (for example, American Heart Association, American Cancer Society, etc.). See <http://rpc.research.ucla.edu/RPC/Pages/RPCHome.aspx> for more information.

Who is considered an “Investigator,” and therefore required to disclose? “Investigator” means the project director or principal investigator and any other person, regardless of title or position, who is responsible for the design, conduct, or reporting of research funded by the PHS (e.g., NIH), or proposed for such funding.

What is an entity? *Entity* means any domestic or foreign, public or private, organization (excluding a Federal agency) from which an Investigator (and spouse and dependent children) receives remuneration or in which any person has an ownership or equity interest.

What is a “Significant Financial Interest”? A significant financial interest consisting of **one or more** of the following interests of the Investigator (and those of the Investigator’s spouse and dependent children) that reasonably appears to be related to the Investigator’s institutional responsibilities:

1. With regard to **any publicly traded entity**, any income received from entity in 12 months preceding disclosure and value of any equity interests in entity as of date of disclosure exceeding \$5,000 when aggregated for an Investigator, Investigator’s spouse, and dependent children from a single Entity (Business, Public or Nonprofit) including salary, consultant payments, honoraria, royalty payments, dividend, loan, or any other payments or consideration with value, including payments made to the University of California Health Sciences Compensation Plans during the prior twelve months. Equity interest includes any stock, stock option, or other ownership interest, as determined through reference to public prices or other reasonable measures of fair market value;
2. With regard to any **non-publicly traded entity**, any remuneration received from entity in 12 months preceding disclosure, when aggregated, exceeds \$5,000; or when Investigator holds any equity interest (e.g., stock, stock option, or other ownership interest). Exclude income from seminars, lectures, or teaching engagements sponsored by a Federal, state, or local government agency, an institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an Institution of higher education;
3. Intellectual property interest held by the Investigator, or Investigator’s spouse or dependent children on a patent, patent application, or a copyright of software assigned or to be assigned to a party other than the UC Regents upon receipt of income related to such rights and interests that exceed \$5,000 in 12 months preceding disclosure.
4. Any reimbursed or sponsored travel (i.e., that which is paid on behalf of Investigator and not reimbursed to Investigator so that the exact monetary value may not be readily available), related to institutional responsibilities. Excludes travel reimbursed or sponsored by Federal, state, or local government agency, an Institution of higher education as defined by 20 U.S.C. 1001(A), an academic teaching hospital, a medical center, or a research institute affiliated with Institution of higher education.

What is not a “Significant Financial Interest”? Significant financial interests do **not** include (1) payments made by The Regents (salary, royalties, honoraria, expense reimbursement or any other remuneration) or (2) income from seminars, lectures, or teaching engagements sponsored by a Federal, state, or local government agency, an institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an Institution of higher education or (3) an investment by a mutual fund, pension fund or other investment fund over which the investigator or his/her immediate family member does not exercise management of fund investment.

What are institutional responsibilities?

“Institutional Responsibilities” is defined as teaching/education, research, outreach, clinical service, training and University and public service, on behalf of UCLA and directly related to those credentials, expertise and achievements upon which the Investigator’s UCLA position is based.
